*Jews: Go Long | A Report on the Practicality and Desirability of the Final Redemption*

---

Version 1.0 of *Jews: Go Long!* was the earliest version of the book manuscript (238 pages, release date: 8/28/2019). Each consecutive update is listed and explained below.

### **Version 1.1:** (338 pages, release date: 12/3/2019)

1. Added section about straw light clay building construction in chapter “ENERGY CRISIS”;
2. Removed the part from the chapter “INTRODUCTION” about one rabbi's opinion that the Final Redemption could only happen without harshness/severity up until the completion of a certain period of time which he had disclosed to his audience. I have been advised by a different Orthodox rabbi that such prognostications about the timing of such matters cannot be certain and would tend to do “more harm than good.” Since there is doubt here, I have decided to remove that piece of the introduction chapter because, in any case, the book doesn't rely on it for content at all, anyway. ;
3. Added two sentences about how conspiracies have been “the engine of history” to “**The premise of this book:**” section in the chapter “CONCLUSION”;
4. Added Lamentations 3:37-42 (and footnote) to the section “**Silence is acquiescence to medical tyranny:**” in the chapter “THE GOVERNOR”;

39. Added Proverbs 21:3,15 to section “**Concluding note to the reader:**” in chapter “THE FIRST STEP”;
40. Added subsection “**There is still lead in “unleaded” gasoline:**” in section “**Problems with fossil fuels:**” in chapter “ENERGY CRISIS”;

41. Added section “**Health information is not relevant to some other lifetime:**” to chapter “CONCLUSION”;
42. Added section “**The very near future—if we don't repent:**” to chapter “THE GOVERNOR”;

46. Added subsection “Psilocybin mushrooms virtually recommended in the government-approved media:” to section “**The truth about marijuana:**” in chapter “CRUSHING HARSHNESS”;
47. Added the following to section “**The Communist Manifesto:**” in chapter “CRUSHING HARSHNESS”:

Steep wealth taxes and inheritance taxes have been recently proposed here in America (October 2019) and appear to have some support; this would make planks 2 and 3 into an even more complete reality. Even 1-year national service in a youth brigade for “climate change,” “mental health,” and other “causes” has been recently proposed and seems to be entirely based on the Peace Corps model; this would make plank 8 into a more complete reality. On this point we should remember what we will read, in the next chapter, from *Report from Iron Mountain* about the possible replacement institutions for the nonmilitary functions of war:

3. *Sociological: Control function.* (a) Programs generally derived from the Peace Corps model...

Participants should turn back once they realize what they're involved in!

51. Added section “**Our sin literally “stinks to high Heaven:”**” to chapter “BACK TO EDEN”;
52. Added section “**A few veterinary comments:**” to chapter “CRUSHING HARSHNESS”;
53. Added Psalm 17:13 + footnote to section “**Closing words and reminder about the petition:**” in chapter “CONCLUSION”;
54. Added section “**Excerpt from Solomon's prayer:**” in chapter “CONCLUSION”;
55. Added much material (everything but the very first paragraph) to the section “**Naturalism is only logical:**” in chapter “MISAPPLICATION OF RIGHT BELIEFS”;
56. Added following sentence to section “**Recommendations:**” in chapter “CONCLUSION”: “I am not anti-government or anti-technology; government must be righteous and technology must be safe!”;
57. Added section “**It's really just one party:**” to chapter “CONCLUSION”;
58. Added Isaiah 42:22-25 in section “**The premise of this book:**” in chapter “CONCLUSION”;
59. Added section “**Tom Brown, Jr. :**” to chapter “HEROES WHO NEED TO MEET EACH OTHER”;
60. Added the quotation from page 197 of *Chofetz Chaim | A Lesson A Day* + the following to section “**A call for daily study of the Jewish laws of proper speech:**” in chapter “CONCLUSION”:

This should serve as a powerful warning to any who might feel inclined to feud about any of the matters in this book. It is absolutely critical that we deal with such things quickly but we have to remember that we are all capable—with great difficulty—of arguing dispassionately about

the most important topics, because G-d made us that way. I believe that I have made most of the matters in this report very clear already, so as to be indisputable (i.e. *Blueprint for Truth* by Richard Gage). However, in some cases I will rely on outside reports. For instance my autism report *The New Acrodynia* will surely become a book given a little time. ;

61. Added section “**The document “Vaccines and Halacha: An Alternative View”:**” to chapter “THE GOVERNOR”;
62. Added section “**Transcripts of Rabbi Handler videos:**” to chapter “THE GOVERNOR”;
63. Added section “**Jury nullification:**” to chapter “DOCTOR DINO”;
64. Added Job 39:13-17 to subsection “Why have some people been inclined to consent?” in section “**Silence is acquiescence to medical tyranny:**” in chapter “THE GOVERNOR”, with the following:

So my perspective is that if Orthodox Jewish parents would hear, even distantly, of vaccine safety concerns or efficacy concerns and not honestly investigate the matter for the sake of their children, then perhaps G-d would hold them to a very high standard of accountability for their knowledge of possible harm and then give them the thinking skills of the ostrich. To not investigate the matter would be, Heaven forbid, for a Jew to believe in his heart: “I must assume that my brother is a fool; he was fooled by bad information because he has no sense; therefore he is warning me about a problem that doesn't exist.” Then direct harm to his children would result from his refusal to investigate. ;
65. Added subsection “The prohibition—for a Noahide—of “filling a gap” in application of Torah law:” to section “**Recommendations:**” in chapter “CONCLUSION”;
66. Added ArtScroll Tanach footnote for Genesis 2:8-14 to section “**Don't forget what you've learned here!**” in chapter “BACK TO EDEN”;
67. Added subsections “Basic ethics of microwave transmitter relocation requests:” and “The De-Contamination Zone:” and “Tablets in the school system:” to section “**Microwave transmitters:**” in chapter “CRUSHING HARSHNESS”;
68. Added Proverbs 29:4 + footnote to section “**There are many other “replacement institutions for the nonmilitary functions of war”:**” in chapter “CONCLUSION”, along with the following:

The War on Tax Filers has also been another one of these replacement institutions, and part of The Iron Mountain Motive. The point has been not only to impoverish, but also to keep people occupied with something unnecessarily detailed—or else (prison)! People really have feared the IRS! It's been almost like a national ritual to make jokes about taxes once per year but really it's better not to 'let off steam' by laughing at those—it's simply been part of the covert dictatorship to engineer the problem and the (temporary) 'solution': nervous laughter in this case. We shouldn't be angry—that's not what I mean by 'steam'—but we should be resolute in our observance of G-d's law.
69. Added to subsection “Why have some people been inclined to consent?” in section “**Silence is acquiescence to medical tyranny:**” in chapter “THE GOVERNOR” the following:

Another point to be made here is about advertisements for pharmaceutical products: There is a law in America that drug side effects must essentially be very, very briefly listed in direct-to-consumer (DTC) advertisements; these advertisements used to be illegal in the USA. I am not recommending at all that people should watch non-kosher television but the fact remains that I did so at one time. My folks didn't raise me that way but I did it at one time. Now the outrageous side effects listed in these advertisements are so serious as to beg the question “Why would any person ever buy such a drug after hearing about what it could cause?!” The only conclusion I have been able to reach is that maybe the Heavenly Court

has required this law to exist on the Earth: that drug side effects must be disclosed so that people can look back on terrible medical choices they made in the past and say, “I sinned and G-d took away my good sense. Then my punishment—the “treatment” itself—resulted from my own terrible decision-making, which G-d allowed me to use in His relative absence, while He left me to my own devices. G-d is a total genius!” This is not to suggest that the advertisements have been honest; as severe as the listed side effects are in such ads—and as much as they tend to dominate the whole advertisement in duration and in content—they are still greatly whitewashed at this time. But nevertheless the fact remains that the side effects, as listed in DTC drug commercials, objectively are usually far worse than the purported benefit, leaving no doubt that there is no logical reason to buy them.

70. Added *Pirkei Avot* 2:1 to subsection “Lashon Hara and the “Surveillance State””:” to section “**We must be deserving of solving the energy crisis:**” in chapter “ENERGY CRISIS”;

77. Added section “**The real cause of informed consent violations:**” to chapter “CRUSHING HARSHNESS”;
78. Added section “**The energy economy of a dictatorship:**” to chapter “ENERGY CRISIS”;
79. Added subsection “Will they lock up the unvaccinated?” to section “**Questions of classified materials and personal danger:**” in chapter “CONCLUSION”;
80. Added section “**Upcoming informed consent conference in Israel:**” to chapter “THE GOVERNOR”;
81. Added to sentence “All of the non-Jews in Israel must follow the Seven Noahide Laws” to include: “...because God, the Master of the universe, commanded them and informed us of them in the Torah through the prophecy of Moses' and not for some other reason such as '...only out of intellectual conviction (because his logic dictates them)...” (quotes from pages 44-45 of *The Divine Code*);
82. Added section “**Behavior-modification vaccines:**” to chapter “THE GOVERNOR”;
83. Added to section “**The premise of this book:**” in chapter “CONCLUSION” the following:  
 G-d's Perfect Instruction Manual for Life is the most important thing in the world and the reason why the world is continuously created, thank G-d, from nothing (the Jews must keep the Torah and the Noahides must keep the Seven Noahide Laws in all their fine details, “...because God, the Master of the universe, commanded them and informed us of them in the Torah through the prophecy of Moses” and not for some other reason such as “...only out of intellectual conviction (because his logic dictates them)...” [1]). You Orthodox Jews already have this Truth with a capital letter 'T'. Up until this book was written, some of you had not yet learned the truth about politics and medical politics. To go to the next level of richness in appreciation of the one true religion and G-d's other designs in the world you surely must understand politics and medical politics as I've outlined here in *Jews: Go Long!*

I eventually found the one true religion after being a naturalist and conspiracy theorist for a while; it seems that many of you Jews must do this in the opposite order because you've already got Orthodox Judaism! Some of your fellow Jews already know at least parts or all of what is written here; listen to them.

84. Added section “**Holocaust survivor Vera Sharav's personal reflections article:**” to chapter 'THE GOVERNOR';
85. Added section ““**Child Rights Protection Bill,**” so-called:” to chapter 'THE GOVERNOR';

91. Added subsection “SIDEBAR: The threat of the fires of Hell:” to section “**Testimony:**” in chapter 'TESTIMONY';
92. Added subsection “SIDEBAR: Passages from Tanach which I suspect are about the threat of the fires of Hell:” to section “**Testimony:**” in chapter 'TESTIMONY';
93. Re-named section “**Pending grand jury investigation**” to “**FBI lawsuit and grand jury investigation, both by AE911Truth:**” in chapter 'THE FIRST STEP' and added links to show that there is evidence FBI found Richard Gage's work to be substantial and added a link to show where grand jury investigation legal documents are;

**Version 1.3:** (365 pages, release date: 3/24/2020)

1. Changed first paragraph of the section “**Hope and a future:**” so that it doesn't appear that the book addresses only people learning in a *yeshiva* all day as previous drafts seemed to suggest;
2. Improved the first sentence of the last paragraph of the section “**Types of reasons:**” so that it's clear only criminal elements within the US government are blamed for perpetrating the attack that happened on 9/11, and not the entire US government. Also added the last sentence of that

- paragraph which starts with “NOTE: ...”;
3. All references to *The Divine Code* now specify that it's the 3rd Edition I'm using, and also list R' Moshe Weiner as the sole author because Dr. Schulman was listed as an editor, not an author for that book. I had this confused because they both wrote *Seven Gates of Righteous Knowledge*.;

  10. In the 2<sup>nd</sup> paragraph of the section “**The purpose of my life:**” which is part of the chapter 'INTRODUCTION', I changed the previous “...precious in the eyes of HASHEM...” sentence to “I believe that this goal is precious in the eyes of HASHEM.” This is partly because a learned Jew showed me that Sanhedrin 59a is commonly misquoted and doesn't really support the comparison of a Noahide with the *Kohen Gadol* as I previously assumed.;

  12. Added section “**Neurolinguistic programming:**” to chapter 'CENSORSHIP';

46. Added paragraph “I'm currently reading a very thorough article [3] (about 70 pages) by Frances Shure MA LPC about Operation Mockingbird, the CIA covert operation to take over the media in the US many decades ago. She is a remarkable lady who was featured in AE911Truth's second documentary, *9/11: Explosive Evidence—Experts Speak Out*, a documentary which includes a great number of technical professionals, controlled demolition experts and the like who weren't in *Blueprint for Truth*, along with an approximately ½ hour segment at the end which explains the simple psychological factors behind denial of 9/11 truth. It's already very clear from reading her article that the approved media has long been played by the government

- like a “Mighty Wurlitzer”.” to chapter 'CENSORSHIP';
47. Added section “**But what about the coronavirus?**” to chapter 'CONCLUSION';
  48. Added paragraph “I found a number of articles about vaccines and the Orthodox community in Lakewood, New Jersey and their yeshivas. [1,2,3,4,5,6,7] Many of these are very hostile to the idea that questioning or opposing vaccinations has any merit; one such article [3] even compared the anti-vaccine movement to a reportedly brutal cult named *Lev Tahor*. I can respond by saying to readers that yes, they can in fact have a cleaner/purer heart by making the choice not to inject themselves and/or others with aborted fetal cell lines or with DNA-modifying vaccinations (both of which are clearly founded on the premise of atheism—not agnosticism, but atheism). The other choice is to bow to the secular government out of tremendous fear.” to chapter 'THE GOVERNOR';
  49. Removed sentence “And if cancer, for instance, is something upon which war has been declared, is it a foe?” from chapter 'THE GOVERNOR' since it's the US government which is the foe/oppressor and its response to cancer and its intentional induction of cancer in the population which is oppressive;
  50. Added section “**Several mechanisms of DNA damage:**” to chapter 'THE GOVERNOR';
  51. Added this “, and I argue that it is a breach of Jewish observance of *halacha* and a breach of Noahide observance of our Seven Laws to cause murder and injury through these technologies” to subsection “G-d's promise to the Jews in Deuteronomy 7:14:” in chapter 'CRUSHING HARSHNESS';
  52. Added sentence “Decentralization of the power to use lethal force clearly results in a certain amount of stability in the society.” to section “**UPDATE 6/23/20'19—Oregon close to minor civil war:**” in chapter 'CRUSHING HARSHNESS';
  53. Added joke to chapter 'TESTIMONY': “I learned that the secular world seems to be catching on to the importance of not accepting gossip that has been peddled. There's a new service available now called Reputation Defender—no, I'm just joking; I think that's a different service entirely.”
  54. Added section “**Fat is the choicest part:**” to chapter 'CONCLUSION';
  55. Added sentence “I say that the name of the social media platform, “Twitter,” has another Jewish meaning: we are no better than animals if we use our faculty of speech for gossip (and this is another concept advanced in *Chofetz Chaim | A Lesson A Day*).” to section “**Chirping birds:**” in chapter 'CONCLUSION';
  56. Added to section “**Questions of credentials:**” in chapter 'CONCLUSION': “I recognize that G-d implanted lessons within nature for us to learn—lessons which reflect the wisdom of the Torah—and I recognize that is the primary meaning of the sidebar above. However, I say that recognition that the Designer of nature didn't make any mistakes is also important.”;
  57. Added “So, reader: if an MD tells you that there is a new “experimental” therapy called “jumping therapy,” in which the patient jumps off the roof of the hospital, you have to be ready to tell him that is against the Torah and the Seven Noahide Laws.” to chapter 'THE GOVERNOR';
  58. Merged many paragraphs together, set text to justify (instead of align left), put references into chapter 'REFERENCES' and made hyperlinks to them.

**Version 1.4:** (375 pages, release date: 5/12/2020)

1. Added citation Laws of Kings 12:5, changed wording to “delicacies”;
2. Reference [5] was previously designed to make people laugh by joining Kings into one book,

- but I've changed it to the standard I and II Kings notation for clarity;
3. Removed references to whining from section “**Learning the truth is not impossible:**” because the plain meaning might not be taken by every reader as the plain meaning i.e. saying that the most oppressed people throughout history are “not whiners” might not be taken the way I meant (that they have refrained from complaining even under the most adverse circumstances) but might have been misinterpreted as disrespectful—point taken from one helpful reviewer. I apologize that I had written this in earlier versions (which could have been taken in a disparaging way) and I hope that all readers know it was never meant to be disparaging at all;
  4. In “**Why address the Jews?**”: “To teach only the Noahides would be ~~pointless~~ less effective.”;
  5. In “**Now, dispassionately examine the evidence:**”: “(through \*what otherwise would have been\* the paths of greatest resistance)”;
  6. Added hyperlink to ref [122] and several others right below it, and “South Bank” → “Southbank”;
  7. Added statement “—at Virginia's borders with states that have high gun ownership and at borders of 2<sup>nd</sup> Amendment Sanctuary counties—” near text which has ref [251];
  8. Added “and must be merely repeating the worldview they've been trained in” to “**Naturalism is only logical**”;
  9. Changed sentence to “So this is something to be careful about with Kosher cheese: don't use vegetarian rennet that is genetically engineered.” in “**Vegetarian rennet:**”;
  10. Changed “a man hiding in a cave in the desert” to “the official government-approved conspiracy theory: the Caveman Theory” in “**Early Warning Signs:**”;
  11. Changed “it has not represented the wishes of the governed people in any way.” → “in many highly-significant ways.”
  12. Improved discussion of NSSM 200 and anti-fertility vaccines in section “**GMOs**” and added references [425,426];
  13. Added section “**UPDATE 4/28/2020—It seems best to use copyrighted works of the enemy without paying:**” to chapter 'CONCLUSION';
  14. Added a pirated version of the CBS *60 Minutes* report on the 1979 Swine Flu vaccine and a pirated version of the Bertrand Russell “diet, injections and injunctions” quote to sections “**Footage Request Denied—CBS 60 Minutes:**” and “**“Diet, injections and injunctions...”:**” respectively;
  15. With help of IRT, replaced broken link to abridged version of documentary *Genetic Roulette*;
  16. Improved translation of “My grandma is an old environmental pig” song, and replaced part of the previous discussion following the translation with the two existing paragraphs;
  17. Added mention of report *HERPES VIRUSES* to chapter 'CURES';
  18. Added section “**Common sense quotation from Dr. Obukhanych (a PhD immunologist):**” to chapter 'THE GOVERNOR';
  19. Added section “**ADA Code of Ethics:**” to chapter 'CRUSHING HARSHNESS';
  20. Added “Wayne Keith is a mechanical genius, and because he also has a Southern accent and lives on a farm, a YouTube commenter wrote on one of Wayne Keith's videos: “We just play dumb for city folk.” I love it! Hilarious! Note: the technocrats have tried to divide us all by making city folk think they're very sophisticated and much smarter than people who live in “rural” areas. Don't be deceived by that; they're some of the best people and certainly are very smart.” to “**Wayne Keith videos on the YouTube:**”;
  21. Added parenthetical “(but I recommend diesel-type engines for making electricity and running trucks because the spark plugs of gasoline-type engines give off a lot of dirty electricity)” to “**Generators:**”;

22. Added ““The vaccine-aware community,” as Counsel Phillips calls them, are the \*most\* controlled group and are far more controlled than the ones he's referred to as “the sleepers,” i.e. people who haven't woken up yet. This is precisely because, as Mr. Phillips says, we present a threat [to the dictatorship].” to section “**The most important vaccine attorney:**”;
23. Added “—another way to describe this is the threat of “kundalini”/chakras and all that horrible New Age stuff which has been promoted heavily in America recently through “kundalini yoga” and other similar evil New Age practices. What I thought I wanted to happen years ago back when I was a New Ager has been threatening to destroy me now that I know the New Age movement is false!” to “The threat of the fires of Hell:” in chapter 'TESTIMONY';
24. Added rear cover rough draft after table of contents;
25. Added sentence “So now the reader has a choice: to sin after having been warned and burn his children and entire future family line to the demons, or the other choice (turning back).” to “WiFi hotspot” discussion;
26. Added section “**Sin is like a Chinese finger trap:**” to chapter 'CONCLUSION';
27. Added corny joke about a traveling layover;
28. Added Appendix E;
29. Removed the quotation of “**DAY 172**” which had been taken from *Chofetz Chaim | A Lesson A Day* because ArtScroll/Mesorah Publications said it would only be possible in their contract for them to allow the quotation of about one or two pages from their book, not three;
30. Added “He simply didn't know about the Cutter Incident with the Salk vaccine, for example. [434] He didn't know that the Sabin oral polio vaccine and later developments of OPV would be banned in the USA and used as described by Kihura Nkuba in “Third World” countries. He didn't know that between 2000-2017 in India about additional 491,000 cases of so-called “Non-Polio Acute Flaccid Paralysis” (NPAFP) would be attributed to OPV/“Pulse Polio” vaccination campaigns. [435]” to “**What about William Eiken's article?**”;
31. Added “The book *Homo Deus* could be very useful for its discussion of specific technologies that are in development, but I say any reader must read it from the perspective of a conspiracy theorist, knowing its author was surely lacking that worldview. I don'tt want to encroach on someone's livelihood so maybe there is benefit to getting his book. However, if someone is obviously a technocrat, don't buy their book new because you're funding their subversive activities.” to “**“Upgraded” humans?** “;
32. Added “There are some statements on page 667 of *The Divine Code*, Third Edition that make me think maybe what I've done in this book is not considered *m'chadesh da'at*, but” to subsection “The prohibition—for a Noahide—of “filling a gap” in application of Torah law:”;
33. Added the quotation from reference [436] to “**US President Donald Trump:**”;
34. Added the quotation from reference [437] to “**The responsibility to come to power:**”;
35. Added section “**The strategy which should be used by Jewish schools today in NY state:**” to chapter 'THE GOVERNOR';
36. Added “I believe that President Trump's decisions are largely based on the level of righteousness of the nation he is leading. If this is true, it would mean that he isn't to be considered accountable for at least a couple of things he has been doing or has omitted: he said, either at the beginning of his presidency or immediately before it, that RFK, Jr. would be head of a vaccine safety commission but hasn't done that, and he has been taking medical advice from all the wrong people (NIH, WHO, CDC, FDA etc. etc.). Some might be inclined to blame President Trump for this sort of thing, but they might as well blame themselves. King David, the most righteous king against which all of the other kings of Israel were measured, was provoked by G-d [439] to take a census of the Jewish people because they were sinning.

Ultimately a plague broke out because of this, and King David blamed himself, not knowing that he had been incited to do this. As it says in Proverbs 21:

|| 'Like streams of water is the heart of a king in the hand of HASHEM, wherever He wishes, so He directs it.\*

And the footnote (\*):

**21:1.** Because a king's choices affect so many people, God may intervene to direct them, as a farmer might direct the flow of a stream to irrigate his fields. [440]

Therefore, righteousness of the nation might be far more important than elections, because even if the perfect person (i.e. King David) is the leader, HaShem might interfere with his free will because of the sins of the nation he's leading.” to “**US President Donald Trump:**”;

37. Added “Also, don't get angry with him; remain grunted at all times.” to chapter 'THE GOVERNOR.';
38. Added section “**Definition of some political terminology:**” to chapter 'MISAPPLICATION OF RIGHT BELIEFS';
39. Added section “**Turf war—Xtendimax:**” to chapter 'MISAPPLICATION...';
40. Added “UPDATE 5/12/2020: The Orthodox rabbi I was working for to sell his marriage seminar decided to get rid of the product and move to individual-only work. Officially, I am no longer working for him. This happened before the lockdown happened to America. (My job had been to market his tele-seminar for English-speaking Orthodox Jews and we didn't reach any in our eight months of efforts, though he's helped thousands of Yiddish-speaking Jews with their marriages.) I think his material is unique and and extremely helpful; I haven't heard of anything quite like it. So I hope that there will be a way for him to reach larger numbers of people than is possible through individual-only work (i.e. by re-introducing the tele-seminar, maybe). But then, I don't know nearly as much about his work as he does so I'm not 100% sure that I would be right to try and convince him that he should bring the seminar back. I'll still try.” to chapter 'TESTIMONY';
41. Added *The Town without a Toothache* quotations from *Cure Tooth Decay* to chapter 'CURES'.

**Version 1.5:** (412 pages, release date: 6/9/2020)

1. Added *Adbusters* definition of neoconservative;
2. Fixed typo “from”/“form” on rough draft of rear cover;
3. Added quote from *The Divine Code* about the balance of merit and sin to section “**You're accountable now!**”;
4. Changed italic statement under chapter heading for Chapter 3 to “We're all going back to the Garden!” It was *avak lashon hara* to have previously included “...whether you think you'll like it or not!” in that sentence since it implied, G-d forbid, that the Jews wouldn't think they would like the Garden of Eden—which is actually a silly idea that doesn't make sense at all. Forgive me, readers. I wasn't thinking anything bad about the Jews when I wrote it that way originally; I was just tired and not paying enough attention to my wording. It became a habit of mine to feel like I had to convince people that Back to Eden gardening is the only right way to grow food, since I regularly encountered people who didn't seem interested at all, or who told me that I must be wrong about that. I shouldn't have let that habit spill over into addressing the Jewish people, because there is no doubt they'll understand very well and be excited to learn this.

5. Added RFK, Jr.'s story about the Hannah Poling case;
6. In the section “**Charity:**” in chapter 'MISAPPLICATION...!', added the part starting with “Could socialism be against the Tanach? We see in Proverbs 14: ...”—this goes to the end of the section;
7. Added section ““**The best believers...:**”” to chapter 'MISAPPLICATION...!';
8. Added, as a reminder, Lamentations 3:39 to “**US President Donald Trump:**”;
9. Added update to '*Sha'at hashemad*': about the censorship of Dennis Prager's Ten Commandments video, his video on the history of the nation of Israel and others;
10. Added section **Repairing breaches:** to 'CONCLUSION';
11. Pg. 299 v1.4 “pathological diagnosees” → diagnoses;
12. Added R' Singer's joke: “Why did G-d create Mormons? So qristians would know how Jews feel!”;
13. Changed item 5 in “**I never got a letter or a phone call**” so that it isn't phrased as a question;
14. Added “**Dr. Dino's illustration of the results of the evolution theory with relevant quote by Thoreau:**” to 'DOCTOR DINO';
15. Added **Healing by capital transgression—in a matter of life and death—is permitted, however... :** to 'THE GOVERNOR';
16. Pg 9: period not comma after “emerge”; fix the left border there;
17. At first mention of The Iron Mountain Motive, hyperlink to glossary;
18. Added to glossary: “This book is not at all dependent on Report From Iron Mountain being a real government document; the rationale is being used whether or not the document is authentic.”;
19. Added “*Brief summaries can't possibly begin to do justice to the work that has been done by these people; they have vast bodies of work which must be encountered by the reader.*” to 'HEROES...!';
20. Added *Black Gene Lies* book: to 'HEROES...!';
21. Added paragraph “I once found a children's book with a futuristic illustration of humans “evolving” to have smaller noses and no sense of smell. Just as the loss of wisdom teeth because of palate and jaw crowding (which also makes teeth crooked) isn't an improvement, neither is the sense of smell or the existence of the human nose outdated! All these suboptimal facial characteristics (forms of skeletal compromise) are caused by nutritional deficiencies. Anosmia itself (loss of sense of smell) can be caused by zinc deficiencies (i.e. vegeterriers or vee-gans) or by osteoporosis of the face, skull and jaw bones leading to impingement of some among the 12 pairs of cranial nerves (according to Dr. Wallach). WAPF nutrition and proper mineral supplementation should clear up all of these problems, which are not desirable.” to 'MULTIPLE CHEMICAL SENSITIVITY';
22. Added new chapter 'THE WEAPON';
23. Added “4. They also have largely missed the methanol research of Dr. Woodrow Monte.” to subsection “Information which the Weston A. Price Foundation has been missing:”;
24. Added Amish midwifery quotations from *Epigenetics* to subsection ““Case dismissed!””;
25. With the help of G-d, learned how to automatically make right and left pages, set margins so that the binding wouldn't eat the text, and make headers with the book title on one page and chapter title on the other (and the page numbers on the correct side) in Open Office—JGL has been changed to include these improvements;
26. Added note in Table of Contents to explain the Hebrew letters on the life preserver (cover illustration).

**Version 1.6:** (412 pages, release date: 6/12/2020)

1. Necessary modesty updates for reference-checkers.

**Version 1.7:** (429 pages, release date: 6/24/2020)

1. Changed running heads on all *recto* and *verso* pages (including the page numbers) to be smaller than main text.
2. Added solicited feedback from a Noahide.
3. Changed all main text Gentium Book Basic typeface instead of Times New Roman. **THIS MADE THE BOOK A LITTLE BIT LONGER** but I think the font is nice and also easy to read.
4. Added section “**“The earth will then have yielded its produce...”**” to 'BACK TO EDEN'.
5. Tacked on “Things are far worse now than they were in the year 1987, for example, when *The New York Times* reported [461] that Federal district judge Susan Getzendanner ruled in an anti-trust lawsuit started 11 years earlier that the American Medical Association (AMA) had conspired to destroy chiropractic in "systematic, long-term wrongdoing and the long-term intent to destroy a licensed profession"..."to contain and eliminate the chiropractic profession." I suggest that this may have been a turning point in their strategy; but regardless of the timeline, I say that a move was made to co-opt osteopathic, chiropractic and naturopathic medicine. They were very successful. What use is all the natural medicine expertise in the world if the ND, DO or DC is forcing the children to be vaccinated (thereby guaranteeing that a high percentage will be very obviously maimed and the rest will suffer from varying degrees of more minor handicap/debilitation/chronic illness)?” to the end of section “**The Canadian Chiropractor:**”.
6. ~~Redacted just six words from Sally Fallon Morell quote in 'CONCLUSION' to get to 300 words limit of “fair use.”~~ Permissions request pending. Permissions request successful. Unredacted.

**Version 1.8:** (454 pages, release date: 11/30/2020)

1. Added many terms to glossary;
2. Added an index;
3. New front and rear cover;
4. Two illustrations added to 'THE FIRST STEP'; many illustrations added to 'BACK TO EDEN';
5. Removed *avak lashon hara* from a few areas—I had inadvertently implied bad things about some people (even about some Orthodox Jews) without realizing it (and there would not have been any basis for saying anything bad, anyway). These instances were similar to, “There's always something on the stove at that house,” which is ambiguous (it could mean either the family is gluttonous or just very hospitable).
6. Added a few sections to the book in various chapters;
7. Complete proofreading/editing after printing out the book and reading it in a binder with a pencil
8. Re-numbered the references section so it is now sequential again after previous additions
9. Made the references section smaller font, 2 columns
10. All permissions requests were addressed. The quotes corresponding to unanswered and negative requests were paraphrased.
11. I believe it's ready to publish as a first edition!
